

# Chatham Kids Matter.

As community leaders in Chatham, you understand this. Right now, as we recover from the pandemic, we need to focus on Chatham's children and their parents and caregivers to make sure the Chatham we are rebuilding together is one where children and families thrive.

## We need your help!

Chatham County Partnership for Children has launched an **Early Childhood Community Needs Assessment** that will shape an **Early Childhood Action Plan** for Chatham grounded in the perspectives of real members of our community.

We cannot do this without you, our community partners! Your knowledge of our community and deep relationships with kids and families in Chatham will help us make sure we include representation of **ALL** Chatham voices in our assessment and planning.
